

How to enroll in Noom GLP-1^{Rx} Program via Noom Med

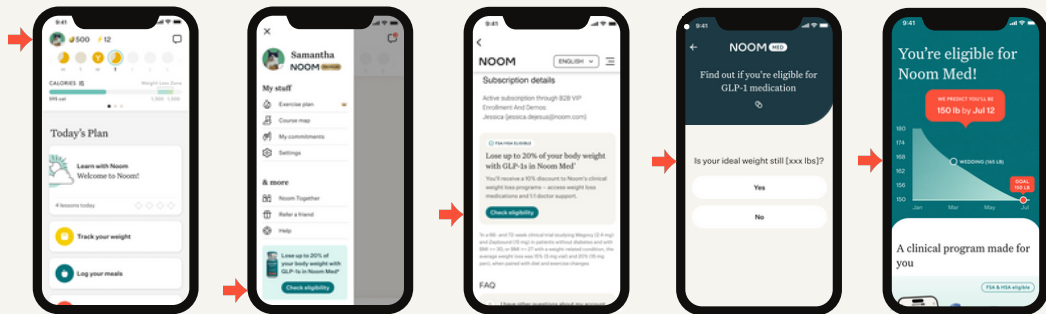

Step 1: Enroll in Noom and open the app. Click your name/icon in the top left corner of the home screen.

Step 2: Scroll down the side bar and click "Check eligibility".

You can also check your eligibility in Settings > Manage subscription > scroll to "Check eligibility".

Step 3: Answer a series of questions to see if you're eligible.

Step 4: After answering the questions, you'll see this screen if you're eligible and can then continue to your clinical program.

If your clinician feels compounded medications are clinically appropriate for you, any compounded medications are not approved by the FDA or reviewed for quality, safety or efficacy. Novo Nordisk, Inc. is the only United States company with FDA-approved products containing semaglutide, identified under the trade names Rybelsus®, Ozempic® and Wegovy®. Lilly USA LLC is the only United States company with FDA-approved products containing tirzepatide identified under the trade names Zepbound® and Mounjaro®.
